

Announcement

QuantiParts BV signed global distributor agreement together with Mares Shipping GmbH from Hamburg, Germany to take over the service activities for CREPELLE engines

QuantiParts BV, a Wärtsilä Company and **Mares Shipping GmbH** from Hamburg, Germany, are proud to announce that they have signed a global distributor agreement. The parties have agreed that Mares Shipping, a Spare Parts Supplier dealing with Crepelle engines for more than 40 years, will become the global QuantiParts representative for Crepelle 26 (SN, SN2, SN3 SNSSR, PSN, PSNSRR) spare parts and technical service, effective from March 1, 2016 and deals directly with Crepelle customers.

With this new global agreement, both parties become strong partners with shared passion to keep the Crepelle engines running. Both companies have the main common goal to grow the existing market and support all Crepelle customers.

From the 1st of March 2016 inquiries and orders for Crepelle engine parts should be sent to Mares Shipping directly via bu@mares.de. Mares Shipping will complete the commercial process on behalf of QuantiParts.
